ABOUT ME

5th-semester Computer Systems Engineering student at ESCOM IPN, with hands-on experience in web development, database management, and team leadership. I have built and deployed real-world projects using HTML, JavaScript, APIs, JSON, GitHub, and Cloudflare. Focused on building efficient, impactful software solutions.

PROJECTS

STRANA GDL — stranagdl.com

Website / Nightlife Venue · Guadalajara, Mexico

- Built and deployed the official website for a nightlife venue, featuring events, gallery, location, and NFC VIP access sections.
- Integrated external APIs, handled routing, and optimized performance using Cloudflare.
- Managed version control and repository with GitHub.
- Tech stack: HTML, JavaScript, JSON, REST APIs, Cloudflare, GitHub, macOS Terminal.

Gestoría Escolar — gestoriaescolar.com.mx

Web Platform · Academic Certification Management

- Developed a web platform for managing academic certification processes for university students.
- Implemented a database for tracking and managing student records and documentation.
- Deployed and configured domain with Cloudflare; environment managed via macOS Terminal.
- Tech stack: HTML, JavaScript, JSON, REST APIs, SQL Database, GitHub, Cloudflare.

HIV Support App (In Development)

Personal Project · In Development

- Application in development aimed at supporting people living with HIV, focused on accessibility, privacy, and ease of use.
- Tech stack: JavaScript, APIs, GitHub.

WORK EXPERIENCE

Institutional Image Coordinator

Fundación Reforma Ideológica S.C. · 2025 – Present

- Built and structured the institutional web platform using an MVC architecture.
- Managed digital image, institutional content, and coordination of internal tech projects.

Shift Supervisor

Starbucks · 2023 – 2025

- Led a 10-person operational team per shift.
- Managed inventory, cash control, staff training, and conflict resolution under high-demand conditions.

SKILLS

Technical: HTML/CSS, JavaScript, JSON, REST APIs, SQL, Java, PHP, MVC, Git/GitHub, Cloudflare, Linux/macOS Terminal

Key Areas: OOP, Computer Networks, Web Development, Data Structures & Databases, Electronics & Circuits

Soft Skills: Team leadership, problem solving, work under pressure, project management

Languages: Spanish (native), English (intermediate, actively improving)

EDUCATION

B.Eng. in Computer Systems Engineering

ESCOM — Instituto Politécnico Nacional · 2023 – 2027 (5th Semester)
